

Dear Erickson Family,

Hi! My name is Tabitha. I am your new tooth fairy. Your old one got reassigned to a family in Texas. She says to say hi. Anyway, I am excited to get the Erickson Family's teeth because I hear you have no cavities at your house. I love to collect clean, white, cavity free teeth. Keep up the good brushing.

I wanted to let you know that I do things differently than your last tooth fairy. She liked to give you a dollar bill but I like to give my toothless kids 3 coins: 1 is for saving, 1 is for spending, and 1 is for charity. There are lots of cool charities you could help out. Talk to your mom and dad to figure out where you want to donate the coin.

I'm also kind of messy and seem to leave a fairy dust trail wherever I go. Please remember to help your mom clean up my trail or she may ask for me to get reassigned too.

I will visit you again, but hopefully not too soon. You need to keep some of your teeth to eat.

Love,

Tabitha, The Tooth Fairy
